

# Union Station Clubhouse:

*Find support in your community.*

**Union Station Clubhouse offers people living with mental illness the opportunity to recover and fully participate as respected and valued members of society. We offer:**

- Access to medical and psychiatric services
- Assistance with finding housing
- Friendship
- Education
- A caring and safe environment
- Employment

Union Station Clubhouse provides members with the opportunity to:

## ***Gain Work Skills by Helping to Run the Clubhouse***

Many of our members begin with little confidence and/or little to no work history. Clubhouse members and staff work side-by-side to run the Clubhouse, performing daily tasks such as:

- Preparing and serving meals
- Building maintenance
- Entering data and record keeping
- Producing the Clubhouse newsletter
- Budgeting and operating a snack bar

## ***Transition into Employment***

Our employment programs offer members organized, effective strategies for moving into and maintaining employment. Several different programs are available depending on each individual's needs.

## ***Continue Your Education***

Many Clubhouse members have had to interrupt their educational plans because of their mental illness. The Clubhouse offers members opportunities to complete their education or continue to post-secondary education.

## ***Socialize with New Friends***

In addition to work opportunities, members and staff organize social activities, community outings, and volunteer activities on evenings, weekends and holidays.
